What: This program is designed for the child interested in performance or technical aspects of theatre. The program provides arts enrichment in a nurturing, safe, and fun environment, culminating in a full-scale theatrical production. Participants are placed in age-appropriate groups supervised by high school and college-age counselors under the direction of adult professionals. The focus is on arts education, emphasizing group cooperation and fun!!!

Performance Program participants spend half the day in rehearsal and half the day in fun, interactive workshops on a variety of theatre-related topics taught by local experts and program staff. Informal, non-stressful auditions are held during the first week of the program; every participant is placed appropriately within the production. *****Significant absences will have an adverse impact on casting decisions, cause frustration for participants, and are strongly discouraged. If you plan to take a vacation during the six-week program, please do not register your child for the theatre program. Attendance is mandatory beginning July 30 and for all performances.***** The summer 2012 production is *Nifty Fifties*.

Tech Program participants focus on the technical support that brings the magic on stage to life: lighting, sound, sets, props. Participants should have an interest in working with tools and paint to build and decorate sets. Tech program participants build the sets for both the performance program's production (*Nifty Fifties*) and the young adult production (*Legally Blonde, the Musical*) and serve as stage hands for both shows.

Registration begins March 1. Enrollment is limited (there is a waiting list every year).

Payment in full due at registration. See other side for registration form.

- We have just 21 days to rehearse and prepare for our performances, so we need everyone to attend as many days of camp as possible. Theatre is a team activity, and long absences can have an impact on all participants. **For the sake of all performers, vacations or other significant absences are strongly discouraged.** If your child must miss any days, list them here to help us prepare our rehearsal schedule:
- Performance participants are grouped by grade. We will try to honor one friend request for placement within groups at the time of enrollment. **No requests for group reassignments can be accommodated after the program starts.** , so please tell us NOW if there is one friend you would like to have in your group:
- Special gifts and special needs: Please use this space to tell us anything special about your child that will help us provide him/her with a great theatre program experience:

Before/after camp child care is available through CER for an additional cost and must be arranged through the CER office.

Due to the large number of participants in the summer theatre program, VTC staff cannot assume responsibility for ensuring theatre participants attend programs such as "Mastering 6th Grade" that run concurrently to the theatre program.

For children ages 5 to 7, currently enrolled in K to 2nd grade, check out Voorhees Theatre Company's "Little Scene Stealers" workshop, Saturday, May 5, 10 a.m. to noon. For more information visit voorheestheatre.org
